College at a glance

Vision- The 21st century has been an epoch where change has been the only constant of human life. The incessant spate of technological and ideological changes to which human life is regularly subjected necessitates a revision of our inherited notions pertaining to education. In a developing country like India, with its huge population, education can no longer be conceived in terms of enlightenment of the mind alone. It is therefore our vision to strive for the empowerment of society through education; to ensure that students irrespective of their existing inequities secure for themselves a level playing ground, which alone can ensure a society based on equality.

Mission- Localities adjoining the college are thoroughly cosmopolitan in so far as their demography is concerned. Apart from Bengali, Hindi, and Nepali that are predominantly spoken in these areas, students belonging to different tribal communities and ethnicities enrol themselves in the college in search of higher education. The mission of the college, therefore, is to merge these latent differences into a new unity and thereby enable students to discover their rightful place in the national continuum

Evolution/ Infrastructure- The College has had a modest beginning with a handful of students in the year 2000 and was initially housed in B.D.Memorial, a local school in Jaigaon. After a couple of months it was shifted to a facility of the Toorsa Tea Garden, where it functioned for a period of approximately five years. A five acre land was leased by the Jaigaon Development Authority and it was on the 5th of January 2005, that with a bare minimum infrastructure, the permanent college building was inaugurated at Ramgaon, Jaigaon. Over the years the college building was expanded into a two-storeyed premise through grants-in-aid received from different government sources. Being the only college under the Kalchini Block in the district of Alipurduar, the institution can boast of a sizeable roll strength that has only kept on augmenting with time. Presently however, the construction of a three- storeyed college building and a centralized library is in progress under the supervision of N.B.D.D. and the P.W.D. respectively.

The Journey Begins

A Halt (for the time being)

Miles to Go

From the desk of the Teacher-in-Charge

Dear Readers,

The Nani Bhattacharya Smarak Mahavidyalaya is a Government Aided General Degree College permanently affiliated to the University of North Bengal and subsequently included under section 2(F) and 12(B) by UGC Act, 1956. The college is located at Jaigaon which is a beautiful small town of Alipurduar District in the state of West Bengal, India and is considered a business hub of the Doors region. It is a conglomeration of diverse cultures and ethnic groups, multicultural and multi-ethnic in orientation, surrounded by beautiful Tea Gardens. The college is situated 2 KMs ahead of Jaigaon town and 16.5 Km away from New Hasimara Railway Station.

The institution has become one of the recognized centres of education, enabling thousands of under privileged students of Jaigaon and its adjoining areas to receive and acknowledge the value of education which is considered a cornerstone of a civilised society. The institution provides students a platform where overall development of their persona is recognised on a wider scale. We firmly believe that every student has the potential to become resilient and socially conscious young adults and thus the development of students in the academic field and their ethical growth is our main concern. The process of transforming amateur and naïve students to extraordinary citizens requires an active participation of the students in various curricular, co-curricular and extracurricular activities. I am pleased to announce that at present the total number of Permanent Teaching Staffs (UGC Scale Substantives) are 11 and total number of SACT are 14 who are proudly serving the college. The total number of permanent Non-Teaching Staffs is 12 and Ad hoc – 8. In BA Program (General) Course, 11 Subjects (Disciplines) are taught and a total of 8 subjects are there to be availed for BA Honours Program Course. The total number of students presently enrolled is approximately 2000. The institution is also offering students to enrol themselves in NSS Programme and to pursue PG Courses through distance mode of learning. The Learning Support Centre of IGNOU and NSOU are available in various Subjects.

I am fortunate to work with such dedicated and caring staff members and students. I find each day an adventure filled with new experience, and a chance to constantly widen my horizon. I strongly believe that education is a collaborative effort that involves professional administrators, committed teachers and motivated students. As an institution we dedicate ourselves as professional administrators and Teachers in creating a dynamic education programme intended to empower the students with a wider perspective.

Best Wishes

Academic Activities

Seminar/Workshop/Symposium/Special Lecture

An institute of higher education cannot confine itself within the periphery of class room teaching-learning process. Beyond class room teaching a higher education has to extend the teaching-learning and grooming process with other academic activities like seminars, workshops etc.

We teachers are associated with the development of the future generation. A healthy mind is necessary for a healthy society. This is possible only through discipline and healthy knowledge sharing. Seminar has an important place in the education world. Seminar is organized for the expansion of knowledge through its sharing, dissemination and assimilation.

The students as well as the teachers get enriched from the widest corners of knowledge under one roof only through seminars. Organising seminars at various levels like departmental seminars, state level seminars to national and international seminars is therefore the goal of every educational institution. We feel proud that we're not lagging behind in this respect. Our college has organized departmental, state level, national and international level seminars from time to time. The list is as follows:

- Departmental seminar 29th November 2010 YashpalkinariChetnaaurDivya, Department of Hindi, NBS Mahavidyalaya
- National seminar 28 and 29th March 2011 Rabindranath and Hindi literature organised by Department of Hindi and Bengali, NBS Mahavidyalaya
- National seminar - 20th and 21st February 2012, Tulsidasaurbhanubhakt: samajikaursanskritikparidrishya organised by Department of Hindi, NBS Mahavidyalaya and sponsored by West Bengal higher education Department
- International seminar- 10th and 11th September 2014, samaj, Darshanaursahitya (society philosophy and literature) organised by Department of Bengali ,Hindi and philosophy NBS Mahavidyalaya
- International seminar- 23rd and 24th December 2014 Indo Bhutan relation through the centuries organised by department of History and political science, NBS Mahavidyalaya
- State level seminar - 28th September 2016, Premchandaursaradchandrakayugbodh, NBS Mahavidyalaya

- International seminar- 27-28th August 2018 , KanyashreePrakalp A narrative of empowerment, **organised by NBS Mahavidyalaya and sponsored by Department of higher education, science and technology and biotechnology, government of West Bengal**

And in the years to come, the organization of such kind of seminars by all departments of the college will definitely increase.

Apart from seminars the college has organised special lectures, study tour, field survey, mock parliament and much other programs time to time for the better teaching, learning and first hand experiences.

Games & Sports Activities

This college believe in over round development of every student, so spiritual attention is paid to co-curricular activities and Sports. Since then it has stand both in the field of education and sports as one of the important college of hill area. Here everyone believes that Sports is a significant part of college life. Over the years, college sports teams have built up a name of its own in the local sports scene. The college play ground is built behind the new building. The students of this college play cricket very well. Every year the cricket team of the College participates in local cricket competition which is known as Jaigaon Premier League (JPL)? Moreover, various competitions games organized from this

college every year. Game and sports are a compulsory part of the education process. There are various types of fun indoor games, and play areas where they enjoy outdoor game too. Coaches are there train teachers. Indoor and outdoor games like Athletics, Basketball, Football, Cricket, Volleyball, Badminton, Chess, Table tennis, Martial Arts, Karate etc. Special talks and motivation by renowned sports personalities are arranged

frequently. The students received training in Cricket from professionals. It have own several trophies and awards in tournaments across the state. A part from this, Football is an excellent life skill for growing pupil to learn. Students are encouraged to participate and represent the college in various district, state and national level tournaments. In fact, the college ground at the foot of the Bhutaness Mountains make it an attractive place.

Cultural Activities

Cultural programmes are an integral part of the college. Coming from the set of a school the college provides an ambience of different kind to the students. Here, we celebrate Republic Day, Independence Day, Freshers' Welcome, Premchand Divas, BhanubhaktaJayanti, RabindraJayanti, Hindi Divas, Saraswati Puja etc. Along with these programmes the college also takes initiative to organize Excursion time to time for the students which creates a bonding between the college, teachers and the students. As a whole the college tries to provide a family feeling and a sense of togetherness keeping in mind the cosmopolitan nature of the society surrounded by the college.

Social Activities

National Service Scheme (NSS)

After independence the [University Grants Commission](#), headed by [S.Radhakrishnan](#), recommended the introduction of voluntary [national service](#) in academic institutions. This idea was again considered by the Central Advisory Board of Education (CABE) in its meeting on January, 1950; after examining the idea and the experiences of other countries in this field, the board recommended that students and teachers should devote time to voluntary manual work.

The unit of the NSS was introduced for the first time here in the Nani Bhattacharya Smarak Mahavidyalaya in 2017. The great initiative was executed by the honourable Principal Dr Birendra Mridha and Sri Ranjit Das, former Asst. Professor of the college. Since then it became a part of the curricula and academic system of the college. The major objective ever since has been to involve the students in the society of which they are an integral part. The entire programme of the

NSS revolves around the students wherein the NSS volunteers put the students in a single thread in order to implement the NSS objectives. The NSS is a challenging medium for functioning amongst the downtrodden section of the society. The college and its NSS Unit are dedicated to the people of the society where the majority of the population belongs to SC, ST and minority communities. To reach this distressed and deprived section of the population at the foothills of Himalaya and to work for them, the NSS can be a major weapon to curb their destitution.

Since the dawn of the establishment of the NSS Unit in the college, Sri Ranjit Das performed his all duties for the noble mission as a Programme Officer. Now, Dr. Binay Kumar Patel, as a successor of Sri Ranjit Das, has taken over the executive responsibilities of the NSS Unit. Till now, the NSS Unit of the college has undertaken several noble programmes like Blood Donation Camp, Swachha Bharat Abhiyaan, Tree Plantation Programme, Garbage cleaning mission, Awareness Programme on women Empowerment etc.

Facilities

IGNOU & NSOU

The geographical specificities of Jaigaon and its adjoining areas are such that the students after completing their graduation cannot peruse their Masters degree from recognised state universities. This is not only because of the college's marginalised location but also due to economic constraints of diverse kinds. Under such circumstances it was only logical that the college would strive to provide graduate students with an alternative form of higher education through the IGNOU and NSOU curriculum. In a country like India where qualified students far outnumber the universities, these forms of alternative education mechanism are proving to be highly effective.

Student Union Room

Students are the pivot around which the institution of education revolves. While at the school level, they are predominantly perceived as inactive recipients, higher education envisages the active participation of students in the overall functioning of colleges. The student community therefore becomes a party in the overall administrative functioning of the college and their representation is ensured by means of the student union which is normally constituted through a full-fledged electoral process. The Union room therefore is nothing less than the central symbol of their participation.

Student Canteen

A student canteen is in our future plan. The college administration is just waiting for the completion of the new building. Once it will complete, the process to set up a canteen will be initiated.

Alumni Association

The official process in relation to set up an alumni association is already taken but due to pandemic situation there is a delay. The students will get an alumni association soon.
