Vision of the College

Most students taking admission in the college are first generation learners whose parents are mostly employed as tea garden labourers. Under such circumstances both the vision as well as the mission needs to be humble and in consonance with the practical requirements of the students whom it serves. Teachers teaching in this college are therefore required to understand this demographic pattern and adjust accordingly. Our mission in this college is not therefore to facilitate intellectual wings for the students that would enable them to fly. That would be too idyllic and unreal. On the other hand, our mission is to empower students so that they can rightfully secure their place in the economic, social, and political space that India presents today. Similarly, the vision is to see countless citizens of this country previously residing outside the penumbra of literacy gradually overcome their debacle and assume their rightful place in the nation building process.

SWOC Analysis

Strengths:

- Students discuss their problems and teachers guide them accordingly.
- Research publications in peer-reviewed journals.
- Qualified, competent, dedicated faculty.
- Interactive Teaching.

Weaknesses:

- More number of faculties required.
- Inadequate Reference/Text Books in the central library.
- Requires MoU with the other reputed Colleges/Higher Educational Institutions
- Requires better interaction of faculty with other National and International Universities/ research organizations.

Opportunities:

- As our college is situated in a border area, higher education is still in its infancy in terms of Infrastructural development. An implementation of PG and B.Com. courses, can be explored soon.

Challenges:

- To improve the communicative skills among the students which is an imperative component towards a promising future.
- To invigorate among the students the importance of blended method of learning since most of the students are accustomed to online mode of learning post-Covid.

Plans:

- The implementation of the PG course.
