

Action Taken Report for Feedback Analysis (2018-19)

Prof. S Nurul Hasan College

Based on the feedback collected from students, alumni, employers, and faculty for the academic year 2018-19, the college has identified areas that require improvement. Specifically, the feedback highlighted concerns regarding the campus learning atmosphere and the safety measures in place at the college premises.

Key Areas of Concern:

1. **Campus Learning Atmosphere:** Feedback suggested that the campus environment could be more conducive to peaceful learning.
2. **Safety and Security Measures:** The feedback indicated a need for improvement in the satisfaction levels concerning security personnel, CCTV facilities, and fire safety measures.

Actions Taken:

1. **Enhancing Campus Atmosphere:**
 - o Increased green cover by planting more trees and creating additional garden spaces to foster a more serene environment.
 - o Installation of outdoor seating and study areas to promote a peaceful and conducive learning environment outside classrooms.
 - o Organizing regular cleanliness drives and awareness campaigns to ensure a cleaner and more serene campus atmosphere.
2. **Upgrading Security and Safety Measures:**
 - o The college has increased the presence of trained security personnel on campus, especially in high-traffic areas and at all entry and exit points.
 - o CCTV coverage has been expanded to ensure comprehensive monitoring of all key areas, including classrooms, corridors, and the surrounding campus.
 - o Regular fire safety drills have been conducted, and additional fire extinguishers have been installed at various locations on campus to enhance preparedness in case of emergencies.
 - o Collaboration with local authorities to review and upgrade campus security protocols.

Conclusion: The college is committed to addressing the feedback and has taken steps to improve both the campus environment and the safety of its premises. These actions are aimed at ensuring a positive and secure learning experience for all stakeholders. Further monitoring and assessment will be conducted to evaluate the effectiveness of these initiatives.

Action Taken Report for Feedback Analysis (2019-20)

Prof. S Nurul Hasan College

During the academic year 2019-20, feedback was collected from students, alumni, employees, and faculty members. The analysis highlighted two key areas where the college received lower-than-expected feedback ratings: the overall ambience of the institute and the amenities and assistance available at the college sports ground.

Key Areas of Concern:

1. **Overall Ambience of the Institute:** The feedback indicated a need for improvement in the overall atmosphere of the campus to make it more appealing and comfortable.
2. **Amenities and Assistance at the Sports Ground:** Concerns were raised about the available facilities and support services at the college's sports ground.

Actions Taken:

1. Improving the Overall Ambience of the Institute:

- Beautification of the campus was initiated by adding more greenery, improving landscaping, and installing artistic structures to enhance visual appeal.
- Classrooms and common areas were upgraded with better lighting and improved ventilation systems to create a more welcoming and comfortable environment.
- New signages were installed to facilitate easy navigation around the campus, promoting a student-friendly atmosphere.
- A "Clean Campus" initiative was launched, encouraging students and staff to maintain a clean and organized campus.

2. Upgrading Amenities and Assistance at the Sports Ground:

- The sports ground was revamped by leveling the playing fields, upgrading seating arrangements, and installing proper drainage systems to prevent waterlogging.
- Additional sports equipments were procured, ensuring students have access to high-quality materials for various sporting activities.
- Qualified sports trainers and staff have been appointed to provide guidance and support to students participating in sports and physical activities.
- First-aid facilities and safety measures were improved, with regular checks on equipment and better assistance for students during sporting events.

Conclusion: Prof. S Nurul Hasan College is committed to addressing the concerns raised in the feedback and has taken concrete steps to enhance both the overall campus ambience and the sports facilities. Continuous monitoring will ensure that these improvements meet the expectations of all stakeholders and contribute to a more engaging and supportive environment.

Action Taken Report for Feedback Analysis (2020-21)

Prof. S Nurul Hasan College

For the academic year 2020-21, feedback was gathered from students, alumni, employers, and faculty members. The feedback revealed concerns in two specific areas: the ICT facilities in classrooms and laboratories, and the overall ambience of the institute.

Key Areas of Concern:

1. **ICT Facilities in Classrooms and Laboratories:** Feedback indicated dissatisfaction with the availability and functionality of Information and Communication Technology (ICT) resources.
2. **Overall Ambience of the Institute:** Concerns were also raised regarding the general atmosphere of the campus.

Actions Taken:

1. Enhancing ICT Facilities in Classrooms and Laboratories:

- Upgraded existing ICT infrastructure by installing new projectors, smart boards, and modern computing systems in classrooms and labs to facilitate better teaching and learning experiences.
- Strengthened internet connectivity throughout the campus, ensuring high-speed access for both students and faculty in classrooms and laboratories.
- Introduced training programs for faculty to improve the effective use of ICT tools in their teaching methods, aiming to make classes more interactive and engaging.
- Regular maintenance schedules were implemented to ensure that all ICT equipment remains functional and up-to-date.

2. Improving the Overall Ambience of the Institute:

- Continued efforts to enhance the campus environment through the addition of more green spaces, installation of seating areas, and maintaining cleanliness and aesthetics.
- Upgraded the interiors of classrooms and common areas with new furnishings, better lighting, and improved ventilation to create a more comfortable and pleasant atmosphere.
- Student common areas, such as lounges and study spaces, were expanded and redesigned to provide more comfortable spaces for collaborative and individual study.

Conclusion: Prof. S Nurul Hasan College has taken active steps to address the feedback by improving both the ICT facilities and the overall campus ambience. These measures aim to create a more efficient, engaging, and pleasant learning environment for all stakeholders. Continuous monitoring and feedback collection will guide future improvements.

Action Taken Report for Feedback Analysis (2021-22)

Prof. S Nurul Hasan College

For the academic year 2021-22, feedback from students, alumni, employers, and faculty highlighted areas for improvement in the following aspects: the peaceful learning atmosphere on campus and the ICT facilities provided in classrooms and laboratories.

Key Areas of Concern:

1. **Peaceful Learning Atmosphere:** Feedback suggested that the campus environment could be more conducive to peaceful study and reflection.
2. **ICT Facilities in Classrooms and Laboratories:** Concerns were raised about the quality and availability of ICT resources in classrooms and labs.

Actions Taken:

1. Enhancing the Campus Learning Atmosphere:

- Additional green spaces were developed, with quiet zones created in specific areas of the campus to promote a peaceful environment for study and relaxation.
- Noise-reduction measures were implemented, such as limiting construction work during academic hours and increasing the number of indoor study areas.
- Campus beautification initiatives were undertaken, including improved landscaping, installation of more benches, and designated outdoor study areas to foster a tranquil learning space.
- A "Green Campus" campaign was launched, encouraging students and faculty to participate in maintaining a clean and calm environment.

2. Upgrading ICT Facilities in Classrooms and Laboratories:

- Installed modern projectors, smart boards, and upgraded computing systems in classrooms and labs to enhance digital learning experiences.
- Expanded Wi-Fi coverage and improved internet bandwidth to ensure reliable, high-speed access across the campus, especially in classrooms and laboratories.
- Regular maintenance and periodic upgrades of ICT equipment were scheduled to ensure continuous availability and functionality.
- Faculty development workshops were organized to promote the effective use of ICT tools in teaching and to integrate technology into classroom activities.

Conclusion: Prof. S Nurul Hasan College remains committed to addressing the concerns raised in the feedback. Actions have been taken to create a more peaceful learning environment and to enhance ICT facilities, providing a better academic experience for all stakeholders. Ongoing assessments will ensure that these initiatives continue to meet the expectations of the college community.

Action Taken Report for Feedback Analysis (2022-23)

Prof. S Nurul Hasan College

In the academic year 2022-23, feedback was collected from students, alumni, employers, and faculty. The analysis revealed lower-than-expected ratings on two specific areas: the availability of space and opportunities for cultural and co-curricular activities, and the amenities and assistance at the college sports ground.

Key Areas of Concern:

1. **Cultural and Co-curricular Activities:** The feedback indicated a need for more space and exposure for cultural and co-curricular activities.
2. **Amenities and Assistance at the Sports Ground:** Concerns were raised regarding the quality of facilities and support provided at the sports ground.

Actions Taken:

1. **Enhancing Cultural and Co-curricular Spaces:**
 - o Additional space was allocated for cultural and co-curricular activities by upgrading the existing auditorium and creating multi-purpose halls for events, workshops, and student activities.
 - o An increased number of events were organized, providing students with more opportunities to participate and showcase their talents in cultural and extracurricular domains.
 - o Collaborative initiatives with external cultural organizations were established, offering students wider exposure to diverse cultural experiences and competitions.
 - o The college introduced clubs and societies dedicated to arts, music, drama, and public speaking, ensuring regular activities that promote student engagement.
2. **Upgrading Sports Ground Amenities and Assistance:**
 - o The sports ground was renovated, with improved playing surfaces, seating areas, and lighting facilities to support evening practice sessions and events.
 - o Additional sports equipments were procured, ensuring that all sports activities have access to the necessary resources.
 - o Trained coaches and support staff were appointed to assist students in various sports, ensuring proper guidance and injury prevention measures.
 - o Regular maintenance of the sports ground and equipment was scheduled to provide a safe and well-equipped space for sports and physical activities.

Conclusion: Prof. S Nurul Hasan College has implemented significant changes to address the feedback on cultural and co-curricular activities and sports ground amenities. These improvements aim to create a more vibrant campus atmosphere and provide students with enhanced opportunities for holistic development. The effectiveness of these initiatives will be regularly assessed to ensure continued progress.
